RESTORE provides a restorative perspective that can inform how we plan for the return to the classrooms, playgrounds and corridors of physical schools.

It highlights seven key areas which, alongside learning, are where we need to stimulate thinking and make decisions in order to collectively move forward into a healthy ‘new normal’. The areas intersect, interconnect and affect each other, as we all do. RESTORE is a lens through which staff, children and parents can look at the strategy and plans that are needed for everyone’s well-being in a fast changing environment and for a safe and healthy return to school.
